Pleasure Grounds.

XLIII. The Board of Health may, with the approval of the town council, hold, purchase by agreement, take on lease, maintain, lay out, plant, and improve land for the purpose of being laid out as public walks or pleasure grounds, and support or contribute towards any premises provided for such purposes by any person whomsoever. 25 XLIV. The Board of Health, with the consent of the councils, shall, from time to time, provide, in such places as, having regard to the public health, may appear to them expedient, and within or without the limits of the district, burial grounds of sufficient extent for the decent interment of the bodies of all persons dying within the district; and it shall
30 be lawful for the said Board, in case it appears to them necessary or expedient so to do, to enlarge any burial ground provided by them under this Ordinance, and to make any road to such ground, or to enlarge or improve any existing road for facilitating the approach to such burial ground; and for providing any such burial ground, or improving it, they

(2.) Or if, on representations properly made to them, they may deem the permission, if granted in exceptional cases, not prejudicial to the public health.

XLVIII. But any and all persons who may have, by any such discontinuance or closure of any burial ground, as provided for in section XLV., been deprived of any rights of sepulture, shall have in the newly consecrated ground the same rights as they respectively would have had in the burial places thus closed and discontinued; or they shall be otherwise equitably compensated therefor. 20 25

XLIX. The relatives of any deceased person, with the consent of the Registrar, or other person having charge of the closed ground in which the body of the deceased has been interred, and subject to the regulations of the Board, may cause such body to be removed to, and reinterred in any burial ground provided under this Ordinance. 30

L. No burial without a permit from the registrar. No permit to be issued without a physician's certificate of the cause of death.

LIII. The Board may at any time after the passage of this Ordinance, build, or otherwise provide, in suitable and convenient locations, houses for the reception and care of the bodies of the dead, previously to and until interment, and make arrangements for the reception and care of such bodies therein, and appoint fit officers for such houses of reception ; and they may also appoint or provide medical or other officers, who, in cases where the friends of the deceased so desire, may cause the body of the deceased to be decently removed to one of the houses of reception provided for under this section.
